1 Defendants, by and through their undersigned counsel, hereby  
2 set forth their opposition to Plaintiffs' "Motion for  
3 Reconsideration of Order to Dismiss Under Rule 59E and Rule 60."

4 Rule 7-18 of the Local Rules of the Central District of  
5 California provides as follows:

6 "Motion for Reconsideration. A motion for  
7 reconsideration of the decision on any motion may  
8 be made only on the grounds of (a) a material  
9 difference in fact or law from that presented to  
10 the Court before such decision that in the  
11 exercise of reasonable diligence could not have  
12 been known to the party moving for  
13 reconsideration at the time of such decision, or  
14 (b) the emergence of new material facts or a  
15 change of law occurring after the time of such  
16 decision, or (c) a manifest showing of a failure  
17 to consider material facts presented to the Court  
18 before such decision. No motion for  
19 reconsideration shall in any manner repeat any  
20 oral or written argument made in support of or in  
21 opposition to the original motion."

1 Plaintiffs' Motion for Reconsideration completely violates, both  
2 procedurally and substantively, the above-quoted Local Rule, and,  
3 accordingly, should be summarily denied.

5 Respectfully submitted,
